Taz Beizinger
Utah Home Builders Association
9069 South 1300 West
West Jordan, UT 84088

Dear Mr. Beizinger:

In behalf of the Salt Lake Chapter of the National Association of Women in Construction (NAWIC) please accept my gratitude for the booth space made available to our Chapter at the Utah Home Builders Conference in St. George last week.

If you are not familiar with NAWIC let me take a few minutes of your time to tell you about us. NAWIC is an international organization that was organization in 1959 with a current membership of over 5000. Our Chapter was chartered in 1964. The purpose of NAWIC is to "Enhance the Success of Women in Construction". Our goal is to educate girls and women about the opportunities for careers in the construction industry. We also offer college accredited educational courses for our members through the NAWIC Education Foundation.

Our Chapter sponsors the "Block Kids" program for elementary students and a design drafting course for high school students – both of which meet the goals of NAWIC and our Chapter.

We meet the second Monday of the month to bring construction related seminars to our members and guests. In April we have a surveying company on the agenda; May is our Industry Appreciation breakfast; June our annual barbeque and membership drive. August is usually a job site tour and September is installation of new officers.

Again, please convey our thanks to your staff and board of directors. This type of industry partnering is very valuable to us and we hope to you as well.

Sincerely,

Linda Kofford, President
Salt Lake Chapter 90
