Re: FREE* MEMBERSHIP WITH WEEKLY REPORT OF CONSTRUCTION NEWS & BIDS
*Exclusive for Qualifying Owners, Architects and Engineering firms.

Dear Construction Professionals;

As a service to our valuable project sources* we offer a complimentary membership in full to enjoy our many benefits as a way to thank you for the projects you display here with us.

One of the practical benefits mentioned is our weekly bid calendar or report. Quick and easy to read, is usually just 4 to 6 pages long, faxed or download 24/7 from our websites. It's a great tool to help select advantageous bid dates for your clients. There are many days in some months that literally have too many projects bidding to best utilize the available bid capacity. There may be other similar projects or type of work that may share not only same date, but more importantly the same potential subcontractors and general contractors.

Also, as an AE lead source, we sometimes have projects requesting your services too. Our on-line service with iSqFt.com shows them daily and as we create the listings in our Internet Plan Room. Discounts apply with iSqFt.com too. We recently added a significant Fleet Vehicle Agreement that is second to none in our industry. Just inquire it's worth \$5,000 – 6,000 off per vehicle from FORD. Please consider joining with us receiving this report and our group benefits yourselves to supplement your own marketing. Again it's free of charge as our way of thanking you for the projects you display and advertise with us for our members.

*Remember, the weekly report could be used to plan upcoming bid dates or events that may interest your participation. Also, help ensure we have your projects listed.
We do appreciate your calls and advertisements to notify us that your plans are ready to bid.*
