**FREE\* workshop – any business – any industry**

**In less than 2 hours we can have you Marketing in several venues.**

An interactive/pro-active event to set up press release site(s) for your company and "Create a Tradeshow in your Laptop". Be prepared to leave with Press Release sites to advertise your website, promote your business, create or enhance your web presence. Connected to customers and vendors.

This is NOT a seminar (unless you don't come pre-pared with laptop) We intend to get sites for your firm, your manager(s) Yes, we will be working to create a professional marketing sites on Twitter, Facebook and Linked In. Learn to connect and promote. Network with other participants in person.

"My website had a 500% + spike in hits in May 2009 - it has remained at the spiked level since. I did 2 things in May of 2009: 1. Got on Twitter with multiple identities; 2. Bought a NAWIC National Sponsorship. Not sure which one did it, but I do get feedback and followers on Twitter, FB & LI everyday. I have made dozens of sales directly related to our SN sites"
